Receive 10% off the course listed above when you register with code **BAKERSFIELD0718**  
(valid until June 22, 2018)

### What teachers are saying:

"What can I say about the training? **The training is invaluable! This is THE missing piece for phonics instruction!** It is systematic and structured. It is multisensory and directly teaches so many language rules that many teachers simply don't know themselves! It is amazing."

- Carol Jean Ratliss, Heber Springs School District
