OUR MISSION is to promote scientific breakthroughs in the early detection, prevention and remediation of dyslexia and related reading difficulties. To disseminate new findings and deploy new evidence-based approaches. To prevent the suffering caused by reading failure and unlock the full potential of children and adults with dyslexia so that they may personally succeed and contribute to society.

Dyslexia and Literacy

This conference is designed for teachers, practitioners, and parents to help them learn to identify, understand, and provide evidence-based instruction for students who have dyslexia and dyscalculia. Participants will learn the latest genetics studies as a basis for understanding current practices for assessment and intervention. The focus of these discussions will be for school-age students.
